<ol style="list-style-type: none"> 1. Presentation 2. Ordinance 3. Staff Report 4. Location Map 5. Current FLUM 6. Current Zoning Map 7. Proposed FLUM 		
Background:		
This is a legislative item.		
<u>UPDATED BACKGROUND FROM THE SEPTEMBER 19, 2023, BUSINESS MEETING:</u>		
City Council heard the first reading of this item at their September 19, 2023, Business Meeting. Staff transmitted the proposed Comprehensive Plan amendment to various State agencies for review. There were no comments or objections to the proposed amendment.		
<u>ORIGINAL BACKGROUND FROM THE SEPTEMBER 19, 2023, BUSINESS MEETING:</u>		
The subject area of this amendment is a total 375.6+/- acre site located 3 miles south of State Road 100 on the westside of Seminole Woods Blvd. The application includes a proposed Future Land Use Map (FLUM) amendment for recently annexed 330.8+/- acre area (which was adopted by City Council at their August 15, 2023, meeting) from its current Flagler County designations of Residential Low Density/Rural Estate and Conservation to City of Palm Coast designations of Residential and Conservation. There is an additional 44.8+/- acre parcel with a current designation of City Residential that will be part of the Cascades Planning Area and will be subject to a site-specific policy to limit development in the Planning Area to 850 dwelling units.		
In addition to the Comprehensive Plan Amendment, there is a companion zoning map amendment for the subject area to amend the current Flagler County designations of Planned Unit Development, & New Rural Communities to City of Palm Coast designation of Single Family Residential-1, Multi-Family Residential-2, and Preservation.		

In 2005 (while the entire subject area was within unincorporated Flagler County), the FLUM designation for the Cascades was amended to its current Flagler County designations of Residential Low Density/Rural Estate and Conservation. After approval of the FLUM amendment a PUD Agreement was approved by Flagler County in 2005 (called the Cascades at Grand Landings).

The PUD agreement covered an area of 696+/- acres and permitted 416 single-family residential units along with 20,000 sq. ft. clubhouse and other recreational amenities. As part of the FLUM and PUD agreement approval, approximately 354 acres of mainly wetlands and environmentally sensitive areas was transferred to Flagler County in 2005. No development commenced within the Cascades PUD area.

The proposed amendment was reviewed for the following:

- **Analysis of the proposed amendment's impacts on public facilities and infrastructure.** Consistent with the required analysis to compare the proposed land use designation with the existing land use designation, staff compared the current maximum potential development (using the approved PUD entitlements-416 dwelling units) against the proposed potential development (850 dwelling units) to determine impacts on public facilities and infrastructure. The proposed amendment will have an increase on the demand for services and infrastructure. Consistent with the development process outlined in the Land Development Code, a concurrency determination will be conducted during the site plan/platting process. Any deficiency found in the infrastructure system may require the developer to pay a proportionate share of the improvements necessary to address the deficiency.
- **Impacts on the environmental/cultural resources.** The proposed amendment will not have impacts on any significant environmental or cultural resources. A small section of the subject area is within Flood Zone A, any development within this area will require compensatory storage within the same defined floodplain's hydrologic sub basin as the placement of the fill pursuant to section 10.02.11B Land Development Code.

There are no other identifiable impacts to the environmental and cultural resources in the subject area as analyzed in the staff report.

Finally, it is important to note that the proposed amendment will designate 67+/- acres as Conservation on the FLUM. This is consistent with Comprehensive Plan Policies 6.1.9.9 and 6.1.10.6, all optimal quality wetlands that are larger than 10 acres or are connected to a system that is larger than 10 acres are to be designated as Conservation on the Future Land Use Map.

- **Compatibility with surrounding land uses.** The proposed FLUM designations are generally consistent with the surrounding properties.

Finally, the proposed amendment is consistent with comprehensive plan policies regarding:

- Directing development where existing infrastructure is available, and
- Designation of wetland systems and other environmentally sensitive land as Conservation on the FLUM.

Planning and Land Development Regulation Board (PLDRB) Public Hearing

The PLDRB held a public hearing on August 20 regarding this application. Members of the public spoke to express concerns about stormwater impacts and buffering from potential

multi-family development. A PLDRB Board member spoke regarding concerns about the increase in impact from the proposed development. The PLDRB voted 4-1 to recommend approval of the proposed amendment.

Recommended Action:

THE PLANNING AND LAND DEVELOPMENT REGULATION BOARD (PLDRB) FINDS APPLICATION NO. 5109 CONSISTENT WITH THE COMPREHENSIVE PLAN AND RECOMMENDS THAT CITY COUNCIL APPROVE THE FLUM AMENDMENT FROM RESIDENTIAL LOW DENSITY/RURAL ESTATE & CONSERVATION (FLAGLER COUNTY DESIGNATIONS) TO RESIDENTIAL & CONSERVATION (CITY OF PALM COAST DESIGNATIONS). ALONG WITH A SITE-SPECIFIC POLICY TO LIMIT DEVELOPMENT ON THE SUBJECT AREA TO 850 DWELLING UNITS
